

Dear Sirs

I bought 2 of your filters for my catamaran in Gibraltar this summer, and have to say they worked great and saved our trip to the Cape Verde. We had some bad fuel from Greece, and got a lot more in Marocco. I had to take off and clean the filters every day, but they did exactly the perfect job and without them we would never have made it to Cape Verde.

I now need some spear parts for our around the world trip, and wonder if I could get an offer from you on the following items sent to Norway addressed to boat in transit:

1 x complet filter FGD 100

1 x filter element for FGD 100

4 x o-rings/ gasket

Kind Regards

Morten Ruud
